teeth? Your teeth can be damaged if you don't look after them properly during treatment. The braces themselves will not cause damage, but poor cleaning and too many sugary foods and drinks can cause permanent damage to your teeth. Brackets, wires and braces can trap food and cause more plaque than usual to build up ...

I usually start the New Year with a post on my “hopes and dreams” for orthodontics.

There is no doubt that this New Year is much more important for life in general than orthodontics. However, we can still look forward with positivity. So, here are my hopes and dreams for orthodontics in 2021.

Conferences. I really hope that orthodontic conferences can start up again. I have just been told ...

Anyone who has had an involved dental procedure has probably had a local anaesthetic. The most common of these is novocaine. Because dentists use novocaine so often, dental patients have a lot of questions about the drug and its use. It's about time patients had their own easy-to-follow guide to novocaine.
